

PAT CUMMINS SELECTION

Carrera Eyewear and Pat Cummins Unveil the 2025 Signature Selection — Featuring On-Field Performance and Italian Design

Australia, October 2025:

Carrera Eyewear, part of Safilo Group – a global leader in the design, production and distribution of premium eyewear – proudly announces the launch of the second Pat Cummins Signature Collection, a bold new chapter in its collaboration with Australian Cricket Test Captain Pat Cummins.

Building on the success of last year’s inaugural release, the 2025 Selection captures Carrera’s fearless attitude and Pat’s trademark discipline, confidence and modern Australian style. Together, they have created an exceptional range that blends performance, style and substance — designed for those who live with the state of mind and allure of a competitive soul who dares to make a difference.

A Collection that Balances Performance and Design

Co-created with Carrera’s design team in Padua, Italy, the 2025 Pat Cummins Selection introduces six new models – including both sport-driven and lifestyle designs – that combine Carrera’s signature craftsmanship with technical innovation. Each piece carries Pat’s gold-foil signature and an internal “PAT CUMMINS SELECTION” marking, affirming its exclusivity.

Shared Vision of Excellence

Pat shares “This second collection balances performance on the field and style off it. The C-SPORT frames are built to perform under pressure, while the lifestyle designs reflect the sophistication and detail I look for every day. Carrera and I share that same pursuit of excellence.”

Vladimiro Baldin, Safilo Chief Brand and Product Officer, said: “Pat’s integrity, leadership and precision mirror Carrera’s DNA. This new collection continues our shared journey – uniting Italian craftsmanship with athletic spirit to create eyewear that performs at the highest level and looks exceptional everywhere.”

The Pat Cummins Selection 2025: Sunglasses Styles

	<u>C SPORT 04/PAT</u> available in Matte Black and Signature Green Trim with Grey Polarised Lens • Price: \$235 Description: With a nod to activewear and the bold design which Carrera is known for, these sunglasses are perfection. Faithful to its style, the brand offers a front which is flat along the top and embellished by a horizontal flag with the iconic 'C'. In addition to their aesthetic, the rubberized nose pads make them comfortable and practical. The grey polarised lenses offer 100% UV protection and feature the gold Pat Cummins signature. The temples display the iconic green colour and are stabilised thanks to curved end tips and click-stop hinges.
	<u>C SPORT 06/PAT</u>, available in Matte Black and Green with Graduated Brown Polarised Lens • Price: \$275 Description: Directly from the archives, but with a contemporary twist: these sunglasses celebrate Carrera heritage and Pat's style. The iconic 'C' dominates the aviator front, with the logo tinted in signature green. The temples are in metal, with length-adjustable end tips designed for a close, stable fit and include the green highlight. The eyes are protected a brown gradient polarised lens proudly carrying Pat's gold signature.
	<u>C SPORT 02/PAT</u> available in White with Ultra High Contrast Green Lenses or Black with Ultra High Contrast Blue lenses • Price: \$260 Description: Inspired by sport and designed to be worn everywhere, these sunglasses express the bold style of Carrera. This high-performance style features a wraparound design with patented high contrast Carrera Ultra lenses and lightweight injected construction. Worn by Pat Cummins on-field, this model embodies Carrera's synergy of technical innovation and elite sport. The lens is available in green/brown high definition or mauve/blue high-definition options, both with 100% UV Protection. Impeccable with sporty outfits and unforgettable as part of street-style ensembles, these sunglasses feature the iconic Pat Cummins green temples and gold signature and are designed to be worn with ease. The front is compatible with prescription clip-in lenses which can be purchased separately.

The Pat Cummins Selection 2025: Optical Styles

	<u>Carrera 1137/PAT</u> available in Signature Green, Gold and Black • Price \$345 Description: The expertly constructed frames of these glasses are rich in elements that celebrate Carrera and Pat. They're sure to get noticed thanks to the front: the metal structure is bordered by an injected coating, and a signature double bridge connects the lenses. These glasses are made to be worn with a carefree attitude: they're lightweight and rest on adjustable nose pads and they feature long acetate end tips and flexible hinges. The inclusion of the iconic green colour with the gold signature on the temple ensures these frames are for the wearer with the state of mind and allure of a competitive soul who dares to make a difference.
	<u>Carrera 325/PAT</u> available in Signature Green and Black • Price \$270 Description: The perfect pair of eyeglasses, the kind that can be worn with any look, unites aesthetics and practicality. With that in mind, Carrera has crafted this interesting style: a flat half-rim front in stainless steel, worked into a masculine rectangular shape. The temples are in acetate, offered in the unique Pat Cummins' Green and trimmed by a printed external logo and internal print with PAT CUMMINS SELECTION and gold Signature. Adjustable nose pads, flexible hinges and distinctive markings make it an exclusive design.
	<u>Carrera 4020/CS/PAT</u> available in Signature Green and Black with clip-on green Polarised sun lenses • Price \$280 Description: Carrera eyeglasses with a clip-on green polarised sun lens are an authentic embodiment of Pats trend setting. The frame is in polyamide, a high-performance material that's known for being lightweight and long-lasting. The unique temples feature a distinctive opening in ULTEM, a non-deformable and lightweight material which includes Pat's iconic green on the outside and completed with Pat's signature printed in gold. The frames are easily transformed into sunglasses: just attach the polarised sun lenses for maximum protection during the brightest hours of the day.
