For Immediate Release

Legend Corporation Acquires CON-X manufacturer of PVC bends and fittings for the electrical, communications, and civil sectors.

Sydney, Australia - Legend Corporation has acquired 100% of Sunbeam Alpine Pty Ltd, trading as CON-X, a leading manufacturer of PVC bends and fittings for the electrical, communications, and civil sectors. This acquisition supports Legend's growth strategy and enhances its product portfolio.

Founded by Murray Kent and Tony Warren in 2012, CON-X has established a strong reputation for quality, reliability, and custom manufacturing capabilities, serving electrical wholesalers and specialist civil distributors. The business expanded from Queensland and NSW into Victoria in 2023.

CON-X will continue to operate as a stand-alone business unit, led by General Manager Mark Dunne and Sales Manager Paul Herman.

Bryan Tisher, CEO of Legend Corporation, said "We are pleased to welcome the CON-X team. This acquisition is a key milestone in our growth strategy and will allow us to better serve our customers with an expanded portfolio and capture growth particularly in the renewable and data centre sectors."

Mark Dunne, General Manager of CON-X, added "Joining Legend Corporation opens new opportunities for CON-X. With Legend's market reach, scale infrastructure and manufacturing support, we are well positioned for the next phase of growth."

The transaction was completed on 6 November 2025.

About Legend Corporation:
