PRESS RELEASE

Discover Sydney's New Summer Must-Do: The Gledswood Wine Trail & 2026 Summer Series

As Sydneysiders seek out fresh, meaningful and immersive experiences for the warmer months, Gledswood Homestead & Winery is unveiling a summer program designed to capture attention, inspire leisure travel, and elevate the way we enjoy wine. We'd love to offer your publication an exclusive angle on the launch of the **2026 Gledswood Summer Series**, headlined by a brand-new signature experience: the **Gledswood Wine Trail**.

Just 45 minutes from the CBD, Gledswood blends 180 years of heritage charm with a contemporary paddock-to-picnic style wine experience. This year, the estate transforms into a summer playground of wine, food, live music and interactive tastings that cater to couples, friends, families, lifestyle seekers and content creators alike.

Launching for the first time in 2026, the **Gledswood Wine Trail** invites guests to wander the estate at their own pace, discovering multiple tasting stations across the gardens, venue pathways and green open spaces. Each station features:
