4 August, 2025
For Immediate Release
Sydney, Australia

CHINT, a global leading smart energy solutions provider, has appointed Legend Corporation as its master distributor of low voltage (LV) products in Australia and New Zealand.

(Left to right) **Josh Hickey** - General Manager, CABAC, **George Technitis** - Executive General Manager- Electrical, Legend Corporation, **David Sullivan** - Chief Executive Officer, CHINT Australia, **Rafik Fouad** - Commercial Director – LV, CHINT Australia, after signing the master distributorship agreement at Legend head office in Seven Hills (NSW).

Founded in 1984, CHINT has grown into a globally recognised smart energy solutions provider, covering three key sectors of green energy, intelligent electrical solutions and smart low-carbon solutions. CHINT is one of the world's largest circuit breaker manufacturers, with its low voltage products produced at a fully automated "Lights Out" factory—one of the first IoT 4.0-enabled LV factories globally.

Legend Corporation has been officially appointed as CHINT's master distributor of low voltage (LV) products in Australia and New Zealand, strengthening its regional presence and distribution services. Legend's electrical business, primarily through CABAC, will support the

growth of the comprehensive CHINT LV product portfolio. With nationwide representation, best in class inventory management and logistics and the CABAC “One Call, One Day, One Delivery” promise – the partnership will offer wholesalers and contractors the speed, simplicity and confidence needed to keep projects moving. CABAC will launch the CHINT LV product range into the market on October 1st, 2025.

This strategic collaboration between CHINT and Legend Corporation signifies a major leap forward in delivering advanced electrical solutions to the region’s dynamic market. By joining forces, Legend Corporation gains access to CHINT’s new technology products that complement their portfolio and channels to market. CABAC will fully support the electrical wholesale channel by creating demand through its extensive network. CHINT’s portfolio provides contractors with high quality products and reliable solutions that deliver exceptional value backed by quality assurance and proven performance.

Servicing over 1,800 electrical wholesalers, CABAC has one of the best customer service performances in the industry and CABAC’s wholesaler customers will now benefit from having CHINT’s LV product range available through CABAC’s high performance distribution network.

CHINT’s partnership with Legend Corporation opens the door to broader collaboration across an expanding range of electrical solutions, delivering global innovation powered by local expertise to meet the evolving needs of the Australian and New Zealand market.

ENDS.
