Idyll collects GOLD in New York for a second year running

The New York International Wine Competition was recently held in New York, New York, with over 1,400 submissions from over 24 countries across 50 categories. Geelong's own Idyll Wine Co was awarded a full suite of medals. For a second year running, Idyll collected a Gold Medal in New York for one of their signature red wines.

In 2021, the Idyll Victoria Cabernet Sauvignon collected GOLD whilst their Idyll Victoria Shiraz collected BRONZE at the same competition.

This year, Idyll Wine Co's Arcadian Cabernet Sauvignon collected GOLD, whilst their Arcadian Shiraz collected SILVER and Arcadian Merlot BRONZE. The Arcadian wine range is produced from grapes sourced from the Murray Darling wine region, which are crushed and fermented by Idyll, before being bottled at Idyll's Moorabool Valley (Geelong) production facility. The Arcadian range focuses on fruit-forward wines, that are uncomplicated and medium-bodied. At only \$10 per bottle, it's a top-quality wine that can be enjoyed at all occasions.

Executive Director Andrew Byers said that Idyll is incredibly proud of its beverage manufacturing team for producing products capable of obtaining such wonderful international recognition. "Results like these are only possible with the dedication and skills of a dynamic team."

In recent years, Idyll has collected accolades in New York, London, San Francisco, Melbourne and Germany for a range of own brand and private label wines.

To purchase the award-winning Arcadian range, be sure to head out to Idyll's local Cellar Door open Monday-Friday 10am-4pm. Limited quantities are available.
